Qbrik

About Us

We are a team of highly-skilled software engineers with vast experience in finance and technology motivated to provide cutting-edge solutions to financial institutions.

Primary Logo

Qbrik

Rational

The **logo is designed to visually represent a hexagon and a cube**, with a focus on the core of the cube depicted through a 3D perspective. The interplay of shapes suggests a stable and innovative core at the heart of the company's technology. The gradient blue color conveys professionalism and adaptability, while the sleek typography of "Qbrik" reinforces the company's modern and clear approach. This logo implies that the company is grounded yet dynamic, with a central focus on delivering structured and cutting-edge tech solutions.
